Customer shall ensure that: (i) its instructions comply with all laws, rules and regulations applicable in relation to the Personal Data; (ii) it has all necessary consents and notices in place to enable the lawful transfer of Customer Personal Data to Blueface for the duration of and for the purposes set out in the Agreement; and (iii) the processing of Customer Personal Data in accordance with Customer's instructions will not cause Blueface or Customer to be in breach of applicable data protection legislation (including Data Protection Law).

13.5.

In relation to the processing of Customer Personal Data under the Agreement, Blueface shall:

13.5.1.

Ensure that all personnel authorised to process Customer Personal Data are subject to confidentiality obligations to maintain the confidentiality of Customer Personal Data;

If Customer, acting reasonably, believes that an on-site audit is required, Customer and its third party representatives (excluding any competitor of Blueface) shall be permitted to audit Blueface's facilities during normal business hours PROVIDED that: (i) Customer shall provide at least thirty (30) days' prior written notice of its intention to carry out an audit; (ii) Blueface may request that any third party representative performing an audit on behalf of Customer shall provide written confidentiality undertakings to the reasonable satisfaction of Blueface and Blueface shall be entitled to refuse access to any of its facilities and records until such time as it has received such undertakings; (iii) Customer may conduct no more than one audit per calendar year; and (iv) nothing in the Agreement shall entitle Customer to access or inspect any records which contain information relating to any other customer of Blueface and Blueface shall be entitled to restrict or prevent access to any part of its premises which it considers in its sole discretion could compromise the security of any information or data relating to such other customers.

13.8.

Any information obtained by Customer in connection with or in the course of any such audit and any written description of Blueface's security technical and organisational measures shall be maintained by Customer in confidence, shall be used solely for the purposes of determining whether Blueface is complying with its obligations under the Agreement and under Data Protection Law and shall not be used or disclosed for any other purpose save that such information may be shared with a supervisory authority without such obligations of confidentiality or restrictions on use applying.

13.10.3.

In engaging any sub-processor, Blueface will agree on adequate data protection arrangements that are in all material respects similar to those set out in this Section; and

Blueface shall at all times remain responsible for the performance of the sub-processors data protection obligations.

13.8.

Any assistance provided by Blueface under Sections 13.5–13.7 shall be at Customer's sole expense save where otherwise agreed between the parties.

13.9.

Blueface shall serve any notifications on Customer under this Section by email using the email address provided in the Agreement. Customer shall be responsible for notifying Blueface of any changes to this email address from time to time by emailing accounts@blueface.com.

14. NUMBER PORTING

14.1.

Porting enables Customers to retain their previous phone number when they move to another network operator or telecoms provider. Blueface's number porting form is the form required by Blueface for the purpose of porting existing phone numbers to the Blueface system ("Number Porting Form"). The Number Porting Form is available [here](#).

14.2.

By completing the Number Porting Form, Customer warrants and represents that he/she accepts the terms contained therein, has provided accurate information and that he/she is the person authorised to instruct Blueface to port the Number. Customer must ensure that if they are retaining existing phone numbers, the form is fully and accurately completed prior to submitting to Blueface. If the form is not fully and accurately completed, Customer may be subject to delays in porting and may incur additional fees that must be paid prior to accessing the Blueface Portal.

14.3.

There is an administration fee charged per number ported to Blueface from another provider. Blueface will not process Customer's porting request until this fee is paid in full. If the new phone number(s) originate from Blueface, the Number Porting Form is not required for those new phone numbers.

14.4.

Customer acknowledges that:

14.4.1.

The porting request will terminate service with the existing Unified Communications Services and/or Mobile Services provider;

14.4.2.

Only the number(s) specified will be moved;

14.4.3.

The Customer is responsible for ensuring that they give sufficient notice of termination of any agreement with any previous Service Provider, subject to the terms and conditions of that agreement;

14.4.4.

The port request may be rejected if any information provided is inaccurate, incomplete or misleading;

14.4.5.

The services provided by the previous Service Provider to Customer, including, without limitation, unused call credit or benefits, tariffs and terms and conditions of use that applied to Customer's service will not be transferable or transferred to Customer's Blueface account;

14.4.6.

Contractual and other obligations, charges and costs due to the previous Service Provider will remain due and owing and shall be subject to settlement by Customer with the previous Service Provider in accordance with the terms and conditions applying to the provision of that service; and the previous Service Provider may decline to proceed with the port in the event that there is a debt on the account, i.e. account is barred or suspended;

14.4.7.

The process will be deemed to commence on the date of signing and submission of the Porting Form, and it may not be possible to reverse the process once it has started; and

14.4.8.

Blueface may charge an administration fee per number ported away from Blueface to another provider.

14.5.

Blueface may refuse to process Customer's instructions if:

14.5.1.

The information provided on the Porting Form is incorrect or misleading; or

14.5.2.

The information provided in relation to the number is not compatible with information held by the previous Service Provider.

14.6.

Blueface shall have no liability to the Customer or any third party arising from or in connection with Blueface acting upon any porting request.

14.7.

Blueface shall endeavour to comply with criteria established by applicable government regulation in respect of number porting but does not warrant or represent that the number port will be completed within a particular time frame. There may be a period where no Services are available, from either the previous Service Provider or from Blueface.

14.8.

Blueface will not be liable or responsible for making good any loss, damage, costs or expenses or other liability whether incurred directly, indirectly or as a consequence of the unavailability of Services arising out of or in connection with Customer's failure to comply with its obligations under this Section 14.

14.9.

In respect of a "Port Out" request where Customer wishes to move its number from Blueface to another provider, Customer is requested to ensure that there are no payments outstanding on its account before they arrange for a Port Out request to be submitted in respect of any number.

14.10.

Customer is advised that where in exceptional circumstances, a government authority orders the reallocation or change of an assigned Number, Blueface is permitted to change Customer's assigned Number for Services.
